

98 Out of Every 100 Women Benefited

An Absolutely Reliable Statement Important to Every Woman

Remarkable Results Shown by a Nation Wide Canvass of Women Purchasers of Lydia E. Pinkham's Vegetable Compound. 50,000 Women Answer

For some time a circular has been enclosed with each bottle of our medicine bearing this question: "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

Replies, to date, have been received from over 50,000 women answering that question.

98 per cent of which say YES. That means that 98 out of every 100 women who take the medicine for the ailments for which it is recommended are benefited by it.

This is a most remarkable record of efficiency. We doubt if any other medicine in the world equals it.

Think of it—only two women out of 100 received no benefit—98 successes out of a possible 100. Did you ever hear of anything like it? We must admit that we, ourselves, are astonished.

Such evidence should induce every woman suffering from any ailment peculiar to her sex to try Lydia E. Pinkham's Vegetable Compound and see if she can't be one of the 98

THE LYDIA E. PINKHAM MEDICINE CO., Lynn, Mass.

Of course we know that our medicine does benefit the large majority of women who take it. But that only two out of 100 received no benefit is most astonishing.

It only goes to prove, however, that a medicine specialized for certain definite ailments—not a cure all—one that is made by the most scientific process; not from drugs, but from a combination of nature's roots and herbs, can and does do more good than hastily prepared prescriptions.

You see, we have been making, improving and refining this medicine for over 50 years until it is so perfect and so well adapted to women's needs that it actually has the virtue to benefit 98 out of every 100 women who take it. Its reliability and recognized efficiency has gained for it a sale in almost every country in the world—leading all others.

TRIBUTE PAID TO U. S. NAVY

American People Heard the Work of Warships Extolled

AS WAR DEFENSE AND PEACE PRESTIGE

Secretary Denby Laid Wreath on Tomb of Unknown Soldier

Washington, D. C., Oct. 27.—What the American people owe to their navy not only as a bulwark of defense in war but as a supporting arm of the nation's prestige and moral force among nations in the pursuits of peace was the navy day message hailed from platform, radio mast and press-to-day throughout the breadth of the land.

Fittingly observed with the celebration of the birthday of one whose name is linked with American naval development, Theodore Roosevelt, the navy paid its own tribute to the day to the former president in the designation of Admiral Hillary P. Jones, commander-in-chief of the Atlantic fleet, to lay a wreath on the Roosevelt tomb at Oyster Bay.

The program of observance at the national capital included the laying of a wreath on the tomb of the unknown soldier at Arlington national cemetery by Secretary Denby and high officials of the navy and ceremonies before the statue of John Paul Jones in Potomac park. To-night President Harding, Secretary Denby and other government officials will be guests at a dinner tendered by the Navy League.

CELEBRATED NAVY DAY.

And Also Paid Homage to the Late Theodore Roosevelt.

New York, Oct. 27.—A tiny American flag, placed by some venturesome east side school boy, flutters in stiffening breezes at the pierhead of a nameless jetty on the East river. The Atlantic fleet, in gala array, rides at anchor on the wide North river, and between the two rivers to-day with flowers and flags, parades, addresses, cheers and tears, New York observed Navy day, in one celebration paying homage to the sea forces of the nation and commemorating the birthday of one of her most illustrious sons—the late Theodore Roosevelt.

A birthday festival will be held to-night in Carnegie hall, with prominent men and women speakers. For the first time since the United States entered the war in 1917 the New York navy yard was thrown open to the public.

Two places were singled out for special pilgrimages. One was a restored home on East 20th street, where Theodore Roosevelt was born and which was opened to visitors by the Women's Roosevelt Memorial association. The other was the grave of Roosevelt at Oyster Bay. Many visits were made to the grave throughout the day by delegations from patriotic and military organizations, and by far the largest of these was the company of 1,000 boy scouts, whose visit to Oyster Bay on the birthday of the former president has become an annual custom.

What education and common sense are doing for thousands

THOUSANDS of people are learning that they cannot drink coffee or tea at supper time and get a good night's sleep.

Experience has taught these men and women to recognize that the caffeine in both coffee and tea is often responsible for a wakeful, restless night, and a nervous "next day."

If you have reason to believe that coffee or tea is causing your headaches, insomnia or nervousness, why not drink rich, refreshing Postum instead.

Postum is the delicious golden-brown cereal beverage that many former coffee-drinkers prefer for its satisfying flavor alone.

Ask your grocer today for Postum and begin serving this delicious beverage at meal times—and see how well you like it.

Postum comes in two forms—Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages, for those who prefer to make the drink while the meal is being prepared) made by boiling fully twenty minutes.
